

LOG CABIN COURTHOUSE STEPS

Full day workshop – Flavin Glover

All skill levels

Creative Log Cabin design grids will open up possibilities for quilts of all sizes that are easy to sew. Sew colorful square and rectangular Log Cabin blocks in new exciting ways. You can select from new block variations that were designed just for this class or use conventional Courthouse Steps Blocks innovatively. See quilts full of block variations that explode with color.

The quilts below are examples from the Log Cabin Courthouse Steps Full Day Workshop and will be used to teach the patterns and techniques.

Twisters

Student's Supply List: Notepad and pen, scissors, rotary cutter, mat, medium-sized ruler (e.g. 4" X 18"), sewing machine, extension cord and basic sewing kit. If your sewing machine does not have a 1/4" patchwork foot or 1/4" needle position, mark a 1/4" seam gauge on your machine. Instructor will provide colored pencils, worksheets and grids. Optional: 6" or 6 1/2" square ruler.

Fabric: Select a total of 12 to 14 fat quarters in three or four color families. All fabrics need not match or coordinate; there should be some contrast (mostly mediums & darks with a few lights in each color family). One of the color families may be needed for background blocks. With the printed fabrics, vary the scale of prints, splotches, crinkles, stripes, dots and geometrics. Vary tones, shades and richness within the solids, batiks or hand-dyed fabrics.

If you have scraps or leftover fabrics you wish to use, press flat and have a straight edge along the length of each fabric. I do not recommend pre-cutting strips due to possibly cutting too many of some fabrics or cutting strip widths not needed for block options you select in class. Press fabrics.
