

Color in Creative Patchwork

Half day workshop – Flavin Glover

All skill levels

A design workshop for those who wish to employ patchwork in new design dimensions. Patchwork such as Windmill, Friendship Star, Attic Windows, Log Cabin, Railfence and Rob Peter to Pay Paul provide the opportunity for designing with a focus on color. As you color the grids, blocks may be combined to create individual experiments focusing on color and movement, or one block may be repeated and/or manipulated to create a new composition.

The quilts below are examples from the Color in Creative Patchwork Half Day Workshop and will be used to teach the patterns and techniques.
