

Combine Log Cabin and Patchwork

Half day workshop – Flavin Glover

All skill levels

See what happens when Log Cabins join side by side with various geometric patchwork blocks. In this design/drawing workshop, break away from traditional Log Cabin; learn techniques for using a variety of block sizes and how to manipulate color to enhance your design. Go home with original design ideas sketched, color plans determined, and ready to select fabrics to cut and piece.

The quilts below are examples from the Combine Log Cabin and Patchwork Half Day Workshop and will be used to teach the patterns and techniques.
