

# Innovative Log Cabin Courthouse Steps

Half day workshop – Flavin Glover

All skill levels

Get a taste of exciting patchwork possibilities as you see square and rectangular Log Cabins that don't fit your previous image of Log Cabins. This planning workshop enables you to design and color on paper as you simultaneously study color relationships and block variations. You will get new block variations that were designed just for this class. You will leave with completed grids inspired to create innovative Log Cabin quilts or wall-hangings.

The quilts below are examples from the Innovative Log Cabin Courthouse Steps Half Day Workshop and will be used to teach the patterns and techniques.
